

## JOB POSTING

JA Tech Inc. is a provider of construction & field technical services for most equipment & apparatus which form a part of an electrical power system. Services vary in scope from emergency troubleshooting to installation, maintenance & acceptance testing, commissioning, start-up, system studies & analysis, repairs & turn-key type solutions. We are an equal opportunity employer that is committed to strengthening our company through inclusion & diversity.

We are currently recruiting for a Medium/High Voltage Cable Termination Specialist. The successful candidate must have significant medium voltage cable termination experience, but we would be willing to train the right candidate for high voltage terminations.

### **Duties & Responsibilities**

- Work in conjunction with JA Tech's technical & construction team to perform maintenance, testing, troubleshooting, repair, specialized installation, commissioning, & start-up of low, medium, & high voltage equipment & apparatus associated with an electrical power system
- Medium and high voltage cable installations and terminations
- Troubleshoot and repair medium and high voltage cables
- Conduct work in a manner prescribed by JA Tech's Occupational Health, Safety & Environmental Manual
- Comply with Electrical Code, safety standards, & other applicable legislation
- Perform other duties as required

### **Skills & Qualifications**

- Interprovincial Journeyperson Electrician – Red Seal
- Must have significant experience with medium voltage terminations (i.e., installations of heat shrink and cold shrink stress cones)
- High voltage termination experience (i.e., Pfisterer) is an asset, but willing to train the right candidate
- Strong interpersonal, communication, & problem-solving skills
- Strong knowledge of drawings (wiring, schematic, & layout)
- Fiber experience is considered an asset
- Industrial Site experience
- Demonstrated ability to meet deadlines without supervision
- Self motivates with a pro-active attitude & ability to pitch in & do what is required
- Valid Class 5 driver's license
- Willingness to travel regularly to job sites
- Proficiency in the Windows environment & Microsoft Office
- Must be legally entitled to work in Canada

### **How to Apply**

Please submit your resume in strict confidence to: [careers@jatechpowersystems.com](mailto:careers@jatechpowersystems.com)

No phone calls, please.

We thank all applicants; however, only those selected for an interview will be contacted.
